La storia di ZiiPa

The ZiiPa story

This is the story of ZiiPa:
lovers of pizza, Italy and the dolce vita.

At ZiiPa we love beautiful objects, creating and developing is what we know best. So we mixed the two and decided to create ZiiPa, a French brand.

It all started with PIANA, the first compact, innovative and colourful pellet pizza oven!

And as for us every occasion is a pretext to share good moments with friends or family, around a good pizza fatto con amore, we said to ourselves that we would not stop there...

Welcome to the world of ZiiPa,
the taste of the outside.

Piana

A compact, innovative and colourful pizza oven, ideal for making delicious homemade pizzas outdoors!

The shape of the oven has been studied to offer you the most beautiful homemade pizzas. Its refractory stone is rotative, allowing you to cook your pizza to perfection without taking it out of the oven. In addition to offering you perfect cooking, your pizza will be cooked in one minute.

Piana works with food-grade wood pellets that offer excellent calorific performance. They will give your pizza an authentic taste.

Discover also **Piana Gas**, for an optimal temperature control.

Invite your family and friends to share a moment of dolce vita!
